Accomplishments

- Certification from Great Learning in Flask (May/2023)
- Certification from NPTEL In SoftwareTesting(Feb/2023)
- Certification from Great Learning in Software Testing tutorial(Dec/2022)

Profile

As an intern, I am seeking to apply my skills and gain further experience in a dynamic and challenging work environment. I am highly motivated, a fast learner, and possess excellent communication skills. I am seeking an opportunity to contribute to the success of the company while also developing my own professional growth.

Experience

May/2023-Present

From May 2023 to present, worked as an intern at iDatalytics, focusing on data science. Collaborated with cross-functional teams, conducted quality assurance testing, and contributed to social media campaigns. Assisted in event planning and execution, and updated project management software for accurate task tracking and timely deliverable completion.
